Nature of Early Play by Play Mart

Recycled products that connect young children with the natural world by providing authentic sensory and tactile experiences with water, sand, dirt, music and age appropriate challenges to develop young muscles. Designed for 6 weeks - 5 years.

800-43-PLAYS  www.playmart.com

Play Mart products are made from recycled plastic with Stainless Steel hardware and welds.

These heavy-duty, durable materials are able to withstand years of extreme weather and constant usage, making them perfect for outdoor commercial applications (and many are great indoors too!).

- No splinters, chipping, flaking
- No rusting or rotting
- Non-toxic (no Arsenate, BPA, Phthalates or PVC)
- Lower surface temperature than shiny metal
- Low Maintenance

Imaginative Playhouses

Vinehouse (above), Native American Tipi, Kid's Kabin, Noah's Ark, Fire Truck and Police Station, Village Houses and much more.

Also Available:

Infant Play, Tables & Seating, Storage, Trike Play, Garden Play, Clean-Up, Swings, Bridges, Balance (for example Stepping Log Stools at right), Climbing, adult Picnic Tables & Benches and a full playground line.

Sand Play

From BIG (12ft² Sandbox or 8ft² Sand House) to small (2ft² Sand Cube), with and without roofs - we have sand play covered!

Water Play

Our Watermill encourages teamwork and cooperation as children turn the mill's wheel in alternate directions to pull water from a reservoir through the recirculating troughs. More water play products include water troughs (tables), Sensory Bowls, and a variety of bowls, pumps and reservoir combinations. No plumbing required! Easy clean-up!

Music Play

We offer a full line of tuned chime panels, bells, and drums designed by an award winning musician.

Art & Craft Play

We offer outdoor Paint Panels in multiple sizes and combinations (up to 4 or more connected), portable or in-ground as well as chalkboards, craft tables and more!
